2010 ESA Student Prize winners ^[1]

ESA10 Student Prize Winners

Prize	Winner	Affiliation	Title of presentation
ESA Marilyn Fox Award for best inaugural presentation at a conference,	Deborah Segal	ANU	The effect of altitude on reproductive and vegetative characteristics in Australian alpine flora
ESA Wiley-Blackwell Student prize for Outstanding spoken presentation	Jody O'Connor	Flinders University	In-nest video monitoring of parasite impacts
ESA Wiley-Blackwell Student prize for Outstanding spoken presentation	Rachael Gallagher	Macquarie University	Functional diversity and climate change
ESA Wiley-Blackwell Student prize for Outstanding spoken presentation	Kadri Koorem	University of Tartu / Estonia	Seedling regeneration depends on seed availability and ecological filters
ESA Wiley-Blackwell Student prize for Outstanding poster presentation	Catherine Price	University of New South Wales	A landscape of risk - temporal and spatial distribution of predators in semi-arid Australia
ESA Wiley-Blackwell Student prize for Outstanding poster presentation	Megan Phillips	University of Technology Sydney	Harder, better, faster, stronger: Phylogenetically independent contrasts of seed traits between invasive and non-invasive exotic plant species
Wiley-Blackwell/EMR prize for a spoken presentation on management or restoration,	Stephen Griffiths	Melbourne University	Remote monitoring of artificial nesting box use by microbats
Wiley-Blackwell/EMR prize for a poster presentation on management or restoration,	Haijing Shi	UNSW	Thermal properties of Australian alpine boulder fields: Hibernation refugia for the Mountain Pygmy-Possum (<i>Burramys parvus</i>)
Australian Flora Foundation prize for best spoken presentation on the biology or cultivation of native plants,	Sam Wood	University of Tasmania	
Australian Flora Foundation prize for best poster on the biology or cultivation of native plants	James Camac	Melbourne University	The interactive effects of climate change and fire on floristic composition in the Victorian Alps
Society for Conservation Biology Prize for a spoken paper on conservation	Patricia Sutcliffe	University of Queensland	Biological Surrogates In Benthic Tropical Marine Systems – A Community Analysis Based Approach
